## A One Shot IRS Killer

# A One Shot IRS Killer

## Introduction

This eBook is an overview and general description of the contents of a single 9 page document that has been researched to the hilt and created in such a way as to put the IRS in such an impossible position that they have no choice but to acquiesce to your legally impenetrable position which is, that;

- A). There are no more outstanding balances due for current, future or past due taxes.
- B). There are no, nor will there ever be, requirements to file taxes again.
- C). All interest and charges pending on the books are waived and void.
- D). You are not one who is liable to the tax regulations.

Period. The end!

Every point that is raised in the document is done in good faith and is supported by ample federal statutes from the Internal Revenue Code, the Code of Federal Regulations, Acts of Congress, case law and/or Uniform Commercial Code not to mention the IRS's own publications.

The research and lawful remedies used, glaringly uncover how the IRS willfully deceives people into making admissions and confessions which are not true and thus they unknowingly falling into a trap that robs them of their wealth, sovereignty and their children's inheritance.

This document represents many years of applied research and well established law. It has been used successfully by anyone and everyone who has had the guts to stand up to the tyranny of lies and deceit and who would stand on truth, righteousness and the rule of law.

Most people live in fear. The common reaction of the 'uninformed masses' is to say: "Oh don't do that. They'll throw you in jail!" When I hear this I want to cry. So many people have been brainwashed their entire lives and they live in complete ignorance of the law and thus refuse to live according to the law or use the law in their own defense. The result is they end up dying poor and ignorant as slaves as their family inheritance has been stolen from them for generations. Will this be the generation which ends that cycle? Only you can say.

This document will remove the shingles from the eyes of those people who are willing to see the truth for themselves and think for themselves. In addition to being the keys to release you from the prison of your own conditioned mind. It could mean the difference in starting a family legacy that might not have otherwise been, should you choose to follow the narrow path of truth.

Read on. Learn more. And enjoy Freedom!

## **Affidavit of fact**

The document starts out with a list of facts presented in affidavit form.

The first 10 points relate to the matter of legal status. Each of these points establishes well that the affiant (you) is not one who falls under the statutory jurisdiction of the UNITED STATES or its corporate governance rules (i.e. tax statutes).

Additional points lay out the intent of the document, the form that it's in, it's nature being a good faith attempt to clarify important points of law and ultimately to extinguish the alleged liability according to law.

## OFFER TO EXTINGUISH THE ALLEGED TAX LIABILITY

This section lays out the details relating to how this document is an Offer of a Tender of Payment in Full, conditional upon performance precedent...' It follows the format of the U.C.C. which is well established law. 5 paragraphs go into some detail on the nature and history of such an offer and what it means, should the conditions not be met.

We then require documentation, the law and the facts on seven different items, all of which are entirely reasonable, which we already know that they can't provide.

When they fail to provide the documentation for 'conditions precedent' (to the alleged liability), they have failed to prove proper legal standing to be making any demands and any demands that they make are without merit, without standing and without authority. It's like your neighbor sending you a bill for a motor home that he never sold you. Go figure!

This situation results in a failure to accept your 'tender of an offer to pay in full' and the law is clear, that an offer of a tender of payment in full which is refused, is a debt paid at law!

That would be more than enough to rest on, but we continue.

## Definitions

Just for fun (and the record) we then dive into definitions as they are stated in Title 26 of the US Code (the Internal Revenue Code). We bring forward the law, as it's written to show that I (you) are not an 'Individual' defined by the code who is one required to file a 1040.

We bring forward U.S. Supreme Court cases to emphasize the point. Then we point out that through 'US Code definitions' we are not involved in any 'Trade or Business' within the 'United States' which is the only taxable class under subtitle A income taxes.

## Estoppel

The record is then set so that unless or until the IRS can meet the conditions to our offer of performance in a timely fashion, that they have acquiesced to our averments (statements) as being unrebutted fact and they are legally estopped from doing anything that would be contrary to that i.e. collection efforts, harassment, etc.

## IRS Publication #1

We then start going through THE TAXPAYER BILL OF RIGHTS which is IRS publication #1 and hold their feet to the fire on;

- The Right to be Informed
- The Right to Quality Service
- The Right to Pay No More Than The Correct Amount of Tax
- The Right to Challenge the IRS and be Heard
- The Right to a Fair and Just Tax System

## **PRESUMPTION OF GOOD FAITH AND FAIR DEALING**

This section basically makes the point 'We know you would never be trying to pull one over on us, right?'

## **OBJECTIONS MUST BE IMMEDIATELY STATED**

This section basically states, in more eloquent terms, "Speak now or forever hold your peace."

## **ATTEMPT TO EXTINGUISH THE OBLIGATION**

This section reaffirms that I am making this Offer of Performance with the intent to extinguish the obligation and it is well established in American Jurisprudence that an obligation is extinguished by an Offer of Performance.

## **OFFER STOPS THE RUNNING OF INTEREST**

4 paragraphs make sure that this point is clear, although it's really not necessary if the alleged balances are void anyway. This is thrown in for looks mainly 'as if' they would be able to mount a response (which they can't) .

## **CASE LAW**

Six paragraphs contain a variety of court rulings where the courts have consistently affirmed and upheld the nature and meaning and effect of an Offer of this type.

## **30 DAYS TO REPLY**

We give the IRS 30 days to provide the facts and evidence to support the 'conditions precedent' to substantiate the lawful authority they claim to have to make any kind of demand on us. Failure is default, acquiescence and tacit admission that this affiant is NOT a U.S. taxpayer
